

struan + farm

Struan Farm welcomes guests visiting or passing through the Waitomo area. We are located between Hamilton and New Plymouth approximately 10km south of Piopio on New Zealand's North Island, and offer bed and breakfast farmstay accommodation in a scenic rural setting.

The farm, which remains a working sheep farm, has been in the Robertson family for over 60 years. It is well known locally for its established gardens and specimen trees, and is bordered by the Mangaotaki River, offering opportunities for trout fishing and kayaking.

Struan Farm is convenient for visits to Waitomo Caves and Hairy Feet Waitomo Hobbit Film Location, also day trips to Tongariro World Heritage Area. While the farm's walking tracks are accessible for most levels of fitness, we're also the perfect place to relax in a peaceful rural setting.

Specific dietary requirements can be catered for with advance notice. Other meals can be also arranged. Home grown and locally sourced food is offered whenever possible.

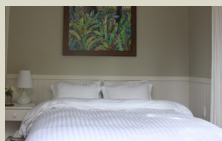

Struan Farm hosts knitting and craft retreats from time to time. Please check our website for information on scheduled events, or contact us if you'd like to arrange a group event in a relaxed country setting. Catering is available.

We look forward to sharing our special place with you. Please contact us with any questions.
